	Old age has brought me into a much smaller home. I no longer have room for my				
	Dept. 56 collection. I have valued it from D-tails, 3d Edition, and also some				
	online sites. The D-tails high value totals \$25,600, and the low value is				
	\$15,700. Taking 50% of the lowest figure, I reach \$7,800. I am asking				
	\$7,000, but need to sell pieces as one lot. I am paying to store them, and				
	would much prefer to have them used and enjoyed. Open to any				
	reasonable, thoughtful, offer.
